

## EX-PRESIDENT WILSON IS NEAR DEATH

## MEN OF CHARACTER NEEDED TODAY IN WYLAND'S OPINION

Boy Scout Director Pleads For Youth To Join In Scout Work.

SAYS MEN SHOULD BECOME LEADERS

National Director Conducts Three Meetings In Salem Thursday.

The great need of America today is for men of character who will do the right thing and the only way we can have men of high character is in training the youth of the nation, especially through the Boy Scout movement, declared Ray O. Wyland, director of the church relations division, department of education of the Boy Scouts of America at the dinner meeting of the Northern Columbia County Scout Council at the Elks Thursday evening.

Scouting, Mr. Wyland stated, deals with the hottest part of the American problem, that of character. Character of the highest type, he says, can solve the present day situation when the American home in the city has become disintegrated and the simple home life with its parental guidance is no more, when the world is working to take advantage of the other fellow, and there is no co-operation, when there is drunkenness in the high schools of the eastern part of the country and other centers of population, and when books and magazines of a "filthy nature" are read by countless thousands of boys and girls as well as adults.

Character Building  
As a plea for the youth of the nation to join in the scout work, and reap its benefits of citizenship building was made by the scout executive. The scout develops under spiritual guidance, and the speaker declared that the balance of power in the world today must be in the hands of a spiritually minded people.

Mr. Wyland stressed the need for men of character. He pointed out the standards of our country, and stated that the splendid work of generations is being torn down today by people who think only as individuals, who look for personal gain rather than for the benefit of the other person.

Over 35,000,000 persons in the United States today, he said, live in homes where the parents matured across the sea. Those persons, matured in nations torn with strife, think that law is a thing to be beaten, that liberty is license. To counteract this, the scout worker claims that the children of these parents must be educated to do what is right by living them the proper contacts, chief of which is contact with men and boys of high character who do the right thing.

Mr. Wyland urged that more men become leaders in scout work, and take a greater interest in giving the youth of the country that thing which they deserve, true companionship. You can make a man out of the worst thief, the speaker declared, if you will only give him the proper associations.

America today needs dependable men, men who are confident of each other, and who will co-operate. To have such men in the future see that your boy gets his proper education in character building. That was the final thought left with the members of the scout council who met with some of the scouts and guests for a discussion of the scout work.

The speaker conducted three other meetings during his stay here, addressing the ministers of the city at 3:30 p. m. in the Chamber of Commerce, the city teachers at 4:15 and the scouts and scout leaders at 8 p. m.

This visit by a representative of the national council is the first of a series by men of national prominence in the Boy Scout movement. Several other scout workers will be here in a few weeks, Scout Executive Lee Chamberlain says.

## VESSEL BURNS OWN WOODWORK TO MAKE PORT

Norfolk, Va., Feb. 1.—With much of her wooden fittings cut up for fuel for the boilers to enable her to reach Bermuda, the British steamer Lord Ormonde passed in the Virginia Capes this morning from the Mediterranean.

The Lord Ormonde left Hampton Roads in November with mules and horses for the Spanish army fighting the Moros in North Africa and with turkeys for Italy. On the return trip the Ormonde ran out of fuel and its desperate straits burned her own woodwork.

## Judge Riddle Will Seek Another Term

Probate Judge Lodge Riddle will be a candidate for re-election. The judge announced his decision while in Salem Thursday evening.

Judge Riddle has been probate judge for one full term.

## Belief In Unseen Things Of Life Emphasized By Speaker

Biggest Thing In Life Is To Be a Man, Dr. Evans Tells Masons.

The biggest thing in life today is to be a man. In making this terse statement to more than 200 Masons assembled in the Masonic temple Thursday evening, Dr. Bert Evans of Columbus, grand chaplain of Ohio Masons, summed up in a few words the one thought that he conveyed throughout his scholarly address on the things for which Masonry stands and which it teaches.

Dr. Evans directed the attention of the Masons to scientific subjects as he developed the thought that we have just begun to discover the wonders and the powers of the world and that great possibilities lie before us if we will take the spiritual side of life as our guide.

To accept and appreciate the things we cannot hear and cannot see and cannot feel with the touch of the hand, and to release the mind and the soul from its prison within the human body, are the things for which we must strive, he said.

Masonry's belief in God and in the Book which is on the altar of every Masonic lodge were emphasized by Dr. Evans as the important contributions of Masonry to every young man who becomes a member.

This masterly address followed a banquet served by the Eastern Stars, the program being presided over by Perry Robb, master of Perry lodge No. 185, F. & A. M. Supt. J. S. Alan, as chairman of the local Harding memorial fund, asked the lodge to consider at its next meeting a contribution to this fund.

Two vocal solos by Thomas Reese, accompanied by his sister, Mrs. Miriam Bumbaugh, were greatly appreciated. Dr. P. H. Gordon also was called upon for a few remarks.

Later in the evening the Masons enjoyed the social advantages of the new temple.

## WOMEN AND THREE CHILDREN PERISH

Akron Woman Uses Gasoline On Kitchen Fire. Fatalities Result.

Akron, Feb. 1.—As a result, police believe, of throwing gasoline into the kitchen stove to brighten up the breakfast fire, Mrs. Arthur Smith, 22, and her three children were burned to death this morning. The children were Minnie, 3, Kathleen, 2 and a nine-months' old boy.

The bodies were charred beyond recognition when firemen arrived and the house was destroyed. A boarder, Albert Raines, was aroused from sleep and leaped from a second-story window. He was badly burned and bruised.

According to the best information obtainable, the woman after her own clothing ignited from the blazing gasolene ran into the bedroom where the children were asleep. Their screams aroused Raines, but he could do nothing.

The husband was at work at a rubber factory.

Family of Four Wiped Out  
Saginaw, Mich., Feb. 1.—A family of four was wiped out today by fire which destroyed the farmhouse of Edward Bowles, near Unionville.

Mr. and Mrs. Bowles, their five-year-old son and two-year-old daughter were burned to death.

Bowles attempted to start a fire with kerosene. A five gallon can exploded in his hands.

## FATHER CRUSHED TO DEATH BY LOG

W. B. Hendricks of Ashtabula, father of J. W. Hendricks of Salem, was crushed to death by a log in Sayre, Pa., according to word received here. He had been engaged in the lumber business and had gone to Sayre in the interests of that business.

This is the first death in the family. The Salem man went to Sayre, Wednesday to make arrangements for the funeral which will be conducted Saturday at the home in Ashtabula. Mrs. Hendricks will leave Saturday to attend the service.

## THIRTY PERSONS INJURED AS FOG TIES UP TRAFFIC

Chicago, Feb. 1.—More than 30 persons were injured today in three wrecks in metropolitan Chicago, all due to a thick layer of fog that enveloped the city, and tied traffic into knots.

Three persons were hurt, five seriously, when two elevated trains crashed. More than 100 were injured when a Chicago & Northwestern train struck another.

One man was dangerously hurt when one Chicago & Northwestern train struck another.

Will Sentence Dry Chief On February 8.

William H. Anderson

William H. Anderson, superintendent of the Anti-Saloon League of New York and nationally known dry leader, convicted in a New York city court of third degree forgery in altering the books of the league so that he might get a "cut" of \$4,000 from the commissions paid O. B. Phillips, one of its collectors, will be sentenced on Feb. 8. He can get five years in state prison. He is shown smiling as he left the courtroom after his conviction.

## GROUNDHOG WILL DECIDE WINTER'S FATE TOMORROW

Saturday's sunshine or shadows will determine the weather for the next six weeks, according to the Groundhog calendar.

Feb. 2, is Groundhog day and if the little animal sees his shadow he will return to his hole for six weeks in the belief that King Winter will reign that much longer. If the day be cloudy, he will remain outside, assured that winter's back has been broken.

## STARVE DAUGHTER TO DEATH, CHARGE

Doctor Says Parents Hid Body In Well; Both Are Arrested.

Salem, N. J., Feb. 1.—Marion Atkinson, six-year-old daughter of Mr. and Mrs. Henry Atkinson of Wootton, was starved to death, after which her body, covered with transparent flesh, was hurled into an unused well beneath her parents' home, according to an announcement made by Dr. L. C. Southerlin, county physician.

The parents are in jail today. Dr. Southerlin said that he would examine the girl's stomach for poisons. The father was silent under questioning. "I wasn't home when Marion died. My wife made me help put the body in the well. Ask her, she knows."

This was Atkinson's only reply to questioning by officials. Atkinson, according to officials, lived under the impression that the girl was a changeling, that upon her birth in a hospital, she had been "switched" for another child.

## SLAYER GOES TO DEATH ANXIOUS TO KNOW FUTURE

Columbus, Feb. 1.—"I can hardly wait—I want to know about my future," was the peculiar statement John Nelson, 28, negro, Springfield, Ohio, uttered repeatedly before he went to his death at 12:04 this morning in the electric chair at the Ohio penitentiary.

He was convicted of murdering his wife, Ida, at Springfield, July 22, 1923.

## Women Of Maccabees Plan Social, Rally

Salem review No. 238, Woman's Benefit Association of the Maccabees, will hold a valentine social and covered dish supper in connection with the regular meeting Feb. 14. The supper will be served at 6 o'clock.

Plans for this event were made at a meeting Thursday evening. Five applications for membership were received by transfer.

A district spring rally will be held here in April and Mrs. Catherine Shindler, of Cleveland, the district deputy will be at the meeting Feb. 14, in the interest of the rally.

## BIG DELEGATIONS COMING TO VETS' SMOKER IN SALEM

All Ex-Service Men Invited To Hear State Commander Saturday Night.

## ARRANGE VARIED MUSICAL PROGRAM

Unique Musical Show One Of Features; Canton To Bring Band.

Arrangements were completed Friday for the smoker to be given by Allen Reynolds post, No. 892, Veterans of Foreign Wars, Saturday night, which will be for all ex-service men, and will be addressed by state and national officers.

State Commander Francis J. Cook Cleveland, wired that his subject will be "What is a Veteran?" He will also discuss organization work among the different state posts, and as he is the judge advocate of the national organization he will tell something of the work being done by veterans in other states.

This address, which will be the main feature of the program, is scheduled for 8:30 p. m. The smoker will be opened at 8 o'clock by Post Commander Charles Davidson. There will be a musical program by the Saxophone Six preceding the address.

Following Commander Cook's talk there will be other musical selections, both vocal and instrumental and then Past National Commander Robert Woodside, Pittsburgh, a member of the V. P. W. with headquarters at Washington at present, will give the veterans some inside facts on the most important matter to ex-soldiers today, the bonus. He will discuss the progress of the work being done by the committee in Washington to influence congress to pass the proposed bill. He comes here direct from Washington.

Unique Musical Show  
The East Liverpool post, which is coming here in special cars, and by auto and bus, will stage a unique musical show after the talk on the bonus. This will be the main feature on the musical program.

Charles R. Logan of East Liverpool, state quartermaster will give a report on state work in this department, and Mr. Sexton of Lisbon will present a report of veterans work at the county last year.

There will be a radio program and afterwards a lunch will be served. The smoker will be held in the post rooms at 154 Broadway. Officers of the local post emphasize the fact that the smoker is open and free to all ex-service men of Salem and surrounding towns.

Friday word was received from other cities, telling that they are sending large delegations. East Liverpool's roster will be here to a man. East Palestine is sending 40. Canton will send a band and 50 or more veterans. Alliance, S. Spring, Columbiana, Leontia, Lisbon, Wellsville, Youngstown, and other towns will be represented.

## Juniors To Present "Dear Me," a Comedy

The Junior class of the High school will present one of the stage successes of the last few years, "Dear Me," a modern comedy by Hale Hamilton and Luther Reed, at the High school auditorium Feb. 25 and March 1. It was announced Friday.

L. T. Drennon of the department of public speaking will direct the play. The cast will be announced later in the month.

## Children Will Hear Wood Folk Stories

Wood folk stories will be told at the Story Hour at 10 a. m. Saturday at the Salem Public Library. Misses Margaret Woodruff, Dorothy Flick and Florence Jane Toleron will tell the stories.

## MANUFACTURE OF ICE INTERESTING PROCESS

Citizens Ice Co. Furnishes Its Cold Product To Several Towns; Water Is Filtered. No Ammonia Gets In Ice.

By H. P. BRAMAN

Today I saw, Ooh—cold cakes of ice, hundreds of them, the mere sight of which makes the shivers run up and down one's spinal cord. But ice is one of the most necessary things in all this world. I found out.

In order that Salem may have the best of this product that has a hundred or more uses, from keeping the butter cool in summer to rubbing on the milady's face to make her more beautiful, the Citizens Ice Co. manufactures hundreds of tons of this frozen water each year that goes into the house and store refrigerators of all Salem, and into many surrounding cities.

Last year 5,000 tons of ice was turned out of the Salem plant. About 30 tons a day is manufactured to be

## AKRON IS RIDING ON RUBBERS AS TROLLEY CARS BOW TO BUSESSES

Akron, Feb. 1.—Akron, the Rubber City, today is riding on rubbers. This is appropriate since more such rubber is made here than any other place in the world.

The clank and scrape of trolley cars was silenced this morning for the first time since the summer of 1920, during the traction strike.

Long before dawn today huge fleet silent buses with scores of auxiliary touring cars, sedans and open trucks stole through the streets, each vehicle was crowded to its capacity, but the crowd was moved.

The 60,000 workers who travel from their homes to office and factory from 5 o'clock till 8, were grimly philosophical at first as they stood at the curbs and glanced in the direction from which they hoped but hardy expected their busses to approach, but as these swift, noiseless, ghost-like messengers moved up and down the city with no confusion or delay, more and more did Akron become convinced that the hopes of Mayor Rybolt would be met.

Mayor Forces Issue  
For it is Mayor Rybolt in the end to whom must go whatever credit or blame attaches to the motorization of the Rubber City. He fought for a five cent fare during his first administration and was re-elected on that platform last November. To all offers of the Northern Ohio Traction company for a compromise on a higher fare, he turned a deaf ear and eventually won over to his view reluctant members of council.

For two weeks he and the public utilities committee of council have been negotiating with bus companies mainly Ohio concerns, to take over the traffic here should conferences with the traction people prove futile. Details of the plans were kept secret, and the public was skeptical.

But this morning demonstrated that the city authorities had the situation (Continued on sixth page.)

## WALSH RESOLUTION BEFORE HOUSE AS SENATE APPROVES

Denby Determined Not To Quit Under Fire And Gets Backing.

Washington, Feb. 1.—Amid a swirl of rapidly moving developments, the Teapot Dome scandal was carried to the floor of both houses of congress today.

While the senate re-engaged in a acrimonious debate on the resolution to oust Secretary of the Navy Denby from the cabinet, the house prepared for action on the Walsh resolution, passed unanimously by the upper chamber, directing the president to institute suits to recover the reserve lands and declaring the leases to be illegal and to have been made under circumstances "indicating fraud and corruption."

The senate public lands committee met to delve further into the private financial transactions of E. L. Lacey, lessee of Elk Hills, in an effort to determine whether he had ever loaned or paid money to any government officials other than Fall, and the house naval affairs committee recalled Rear Admiral J. L. Latimer, judge-advocate-general of the navy, who stated Denby himself "initiated" the transfer of oil reserves from the navy to the interior department.

Will Back Denby  
The White House, meanwhile, pressed forward with arrangements to recover their reserves. Thomas Watt Gregory, one of the special counsel named by President Coolidge, was due in Washington during the day to join Silas H. Strawn.

Secretary Denby remained adamant today in his decision not to quit "under fire."

In response to questions whether he would leave the cabinet if the Robinson resolution passed, Denby replied heatedly.

"I am not going to resign."

A conference between President Coolidge and Senators Lodge, Republican of Massachusetts and Brandegee, Republican of Connecticut, at the White House last night confirmed that administration leaders will support Denby to the last.

## River Boat Aground, Passengers Rescued

Smithland, Ky., Feb. 1.—Thirty-four persons comprising passengers and members of the crew of the Ohio river steamer Tom C. Powell, were taken off the craft early today after it had gone aground on a sandbar near here. A dense fog and heavy run of ice made the rescue work difficult.

This steamer makes the water as near like soft rain water as it is possible to get by any process. The water is then filtered through sand and gravel, and then refiltered through a paper filter so the water that goes into each cake of ice is absolutely pure.

The tanks are very interesting. Long cans into which water is poured make a cake weighing 200 pounds.

## CLINGING TO LIFE BY BARE GRASP IS REPORT FROM HOME

'I Am a Broken Man, I'm Ready To Go,' Wilson Tells His Physician.

## SUMMON FAMILY TO HIS BEDSIDE

His Death May Be Expected Any Moment, Says Report Late Friday.

BULLETIN  
Washington, Feb. 1.—No more bulletins on Former President Wilson's condition will be posted until tonight unless there is a change in condition.

Washington, Feb. 1.—Woodrow Wilson, 67, was near death this afternoon but clinging to life by a bare grasp. Shortly before 1 p. m. watchers around his bedside expected his death at almost any hour. The ex-president fell into a deep sleep, the first he has had in 24 hours. It is hoped that the sleep will be a turning point in his condition.

Rear Admiral Cary T. Grayson, chief of the attending physicians, left the house at 1 p. m. for a short walk. He was haggard and worn from 24 hours in the sick room without sleep. "He has just dropped off to sleep," Dr. Grayson said. "It may be there is hope. If his sleep is restful it may mark a turning point."

How long he may linger was not foretold, it was said, but his death might be expected any moment. Only a short time before Admiral Grayson made the announcement, the former president had summoned him to his bedside, and in a whisper said: "Doctor, I am a broken man, I am a broken piece of machinery."

"I am ready to go," With that Dr. Grayson said the former president thanked him in a feeble voice for all that he had done for him.

Family Summoned  
The seriousness of the ex-president's condition was further manifested by the fact that members of his immediate family were notified this morning of his condition by Mrs. Wilson. This was done at Admiral Grayson's suggestion.

Mr. Wilson's present illness had its inception on Tuesday when he experienced a slight digestive disturbance. This was not regarded as particularly serious by members of the family, but Dr. Sterling Ruffin, who had been one of the attending physicians during the ex-president's long illness in the White House, was called in and administered treatment.

Mr. Wilson experienced considerable discomfort Wednesday, but yesterday he was about the house as usual, personally attending to his voluminous correspondence.

Mr. Wilson had been a sufferer from occasional stomach disorders in the past, but they are regarded as especially serious at this time because of his weakened condition, resulting from his three years of continual invalidism.

His strength has never been great since his memorable collapse in Kansas during his league of nations speaking tour in September of 1918, and any disorder, however slight, immediately affects his small remaining stock.

A cablegram was sent today to Mrs. Francis Bowes Sayre, the youngest of the Wilson daughters, who is now in Salem with her husband. Telegrams were also sent to Mrs. Wm. Gibbs McAdoo, in California, and Miss Margaret Wilson, in New York, his other daughters.

News of the ex-president's grave condition went rapidly around the capital, and President Coolidge sent an expression of sympathy to the Wilson home.

## FRIENDS FAIL TO PAY LUTCH'S FINE

Liquor Law Violator Will Remain In Jail Until \$2,000 Is Paid.

Martin Lutch, farmer residing near Salem; arrested Wednesday by city detectives for possessing and having implements to make liquor is still in jail. He was fined \$2,000 on the two charges by Mayor J. B. Schaeffer Thursday, and friends of the arrested man promised to pay, but they failed to bring in the money Friday and Lutch will stay in jail until the fine is paid.

Should he be sent to Lisbon, if the fine is not paid, he will have to work it out at 60 cents a day, which will mean 334 days in jail.

One of the three other men arrested for possession was released after a hearing Thursday afternoon. He is Mat Oana. He pled not guilty, and after a lecture by the mayor the Rumanian was released.

John Rotz and Martin Gardner, the other two, still remain in jail. Their hearing was postponed until later Friday.

## Prohibition Told In 25 Words

Washington, Feb. 1.—Foreign governments asking their Washington representatives for their opinion as to the effect of prohibition in the United States are being sent a terse report of 25 words. They are:

"The United States is divided into two classes with reference to prohibition—some who have a little still and those who still have a little."

## ASKS NEW TRIAL FOR VOGELHUBER

Attorney Would Take Salem Liquor Case To Lisbon Court On Error.

A motion for leave to file a petition in error and notice of hearing has been filed in common pleas court by Atty. K. L. Coburn in an action entitled Samuel Vogelhuber, plaintiff in error, against the State of Ohio, defendant in error.

Vogelhuber was fined \$1,800 and costs in the court of Mayor A. W. Ferron of East Palestine, on a charge of possessing liquor. He was sentenced to the Canton workhouse until amount was paid.

Notice of appeal was given and bond posted.

Atty. Joseph L. Hilton of Canton has waived summons in this action as attorney for the defendant in error.

According to Atty. Coburn the court erred in failing to consider particular evidence and points of law in this action.

## SALEMITES HURT IN AUTO MISHAP

Mr. and Mrs. J. L. Williams of Salem, and several friends were thrown out of the car, and bruised, none seriously, when the touring car that Williams was driving through the main street of Washington last night was wrecked.

The steering mechanism broke, and the machine ran off the side of the road and overturned against a wall. Washington residents rescued the party, and Chalfant's truck brought the party and their truck back to Salem.

## PIECE OF CHALK HITS BOY'S EYE, MAY LOSE SIGHT

Larus Straton, freshman in the Damascus High school, may lose the sight of one eye as the result of an accident Thursday morning at the school.

One version of the accident is that while the teacher was out of the room the boys were throwing chalk. One piece of chalk hit the Straton boy in the eye, cutting a gash in the eyeball. The accident was not reported until noon. Straton was taken to a physician, who it is reported said the boy may lose the sight of the eye.

## Claim Sugar Price Decline Will Come

This is not the time for stocking up with sugar for the coming season according to advice received by Emanuel Thomas Friday from his broker in New York.

Sugar prices have been climbing and will continue to climb, but the high prices will not prevail long, according to this "tip." The wholesale price was quoted Friday at \$9.20 a hundred, and this is expected to jump to \$9.50 or \$9.75 in a few days.

## Commercialized Reform

The man or a man who makes pro-  
fessions of unusual morality and  
virtue is always especially painful and  
harmful. It does damage to the cause  
he represents by leading some who  
have faith in it to lose their confidence  
and by strengthening the ranks of the  
scoffers. As the judge said in his  
charge to the jury which found Wil-  
liam H. Anderson guilty, the Anti-Sal-  
oon league was not on trial, or the  
prohibition law, but only an individual  
accused of crime. But, as the church  
suffers somewhat when a minister of  
the Gospel goes wrong, so the Anti-  
Saloon league and the whole prohibi-  
tion cause must suffer somewhat  
through the faithlessness of one of  
their conspicuous representatives.

This loss may be more than made up  
in time, however, if the lesson from  
this shocking experience is learned  
and applied, that work done in the  
name of righteousness must be kept  
above suspicion.

As reform has become more and  
more thoroughly commercialized the  
disposition of reformers to be not over-  
particular as to the means employed to  
further their own ends has become  
more and more marked. They seem  
sometimes to go on the theory that  
lack of frankness, misrepresentation,  
legislative log-rolling, shady dealing  
downright falsification on occasion are  
not wrong if only they think such de-  
vices will advance the specific cause  
in which they are engaged and for  
service in which they are paid.

This tendency of professional re-  
formers, not all of whom, of course,  
yield to it, inevitably brings the or-  
ganization with which they are con-  
nected under suspicion among many  
persons to whom otherwise they  
might look for moral and material sup-  
port and in the long run works toward  
the discrediting of their efforts.

For all their pretensions, people say  
they are no better than anybody else;  
they are out for the main chance and  
not at all scrupulous about the meth-  
ods employed. The disgrace of Ander-  
son, if it leads other professional re-  
formers to think fairly of these  
things, to realize their own unusual  
responsibility to live up in all their  
acts to the highest code of honor,  
will be of service to the cause of re-  
form.

## Unwarranted Assumptions

The error into which many of our  
correspondents fall in their ear-  
nest advocacy of the soldiers' bonus is  
twofold. They assume that the gov-  
ernment is bound, at least morally, to  
enter upon the proposed distribution  
of money. This is a mistake; the gov-  
ernment lived up to its financial con-  
tracts with its soldiers and went a lit-  
tle farther than that when the boys  
reached home; there was no agree-  
ment, definite or tacit, to pay them  
anything extra. And these correspond-  
ents assume that the inspiration for  
all the opposition to the bonus comes  
from the rich and grasping, largely  
from the war profiteers. This is not  
true at all.

Our soldiers did their duty well and  
earned the lasting gratitude of the na-  
tion. The same may be said of the  
people who, by reason of age, sex,  
physical disability or commanding re-  
sponsibility at home, were unable to  
serve in the field. The percentage of  
the unfaithful among the men and wo-  
men behind the men behind the guns  
was very small, just as it was among  
the soldiers themselves. The number  
of profiteers was almost infinitesimal,  
as compared with the number of patri-  
otic workers and givers.

Some of our correspondents write  
as if all who did not wear the uniform  
in those days of stress profited finan-  
cially by the war. That is so far from  
the truth as to have no resemblance  
to it. Wages went high in those days  
but so did the cost of living and the  
calls to help were many. If we elim-  
inate the miserable little group of war  
profiteers, many of whom have lost  
their ill-gotten gains and all of whom  
have reaped their due reward in the  
contempt of right-minded people, we  
doubt that the average man bettered  
his financial position during the war  
any more, in proportion to his means  
at the start, than the average soldier

did. Both were called upon to make  
sacrifices and both responded nobly.  
A nation cannot participate effectively  
in a great war without great sacri-  
fice on the part of every patriot,  
whether he fights in the field or not.

## Safe Fat Reduction

Reduce, reduce, reduce, is the slogan  
of all fat people. Get thin, be  
slim, is the cry of fashion and society.  
And the overfat wring their hands in  
mortification and helplessness, vol-  
untarily at nauseating drugs, afraid of  
violent exercise, dreading the unavail-  
ing and unsatisfying diet, until they  
hit upon the harmless Marmola Pres-  
cription and learn through it that  
they may safely reduce steadily and  
easily.

## RUSSIAN WHITES IN OPEN REVOLT

Helsingfors, Feb. 1.—The soviet is withdrawing red troops from Siberia and massing them at Moscow fearing a revolt against the "reds," proclaiming a free state in Amur province, according to reports received in Russian sources here today. Commissar Djersjevski has been authorized to arrest revolt-ers.

Shanghai, Feb. 1.—Re-organized Russian "white" forces have opened a revolt against the "reds," proclaiming a free state in Amur province, according to reports received in Russian sources here today.

Riots were reported at Habarovsk, where there was widespread refusal to obey orders to mourn Lenin's death.

## OFFICERS KILLED BY MOONSHINERS

Sparta, Tenn., Feb. 1.—Posses from Sparta and Cookeville today are scouring the mountains 20 miles south of here for the moonshiners who participated in a battle late yesterday with officers, in which a deputy sheriff, and two alleged moonshiners were slain.

The dead are:  
W. C. Welsh, deputy sheriff of Sparta; Henry Wyatt and Milton Stewart.

The officers were dismantling a huge still when suddenly they were fired upon by alleged moonshiners. Welsh fell mortally wounded. In the return fire, two of the assailants were killed and the others fled to the hills.

## Church, Inspecting County Jail, Finds Condition Sanitary

"The county jail is in as good sanitary condition as it is possible to be kept under the present situation," declared County Health Commissioner T. T. Church, of Salem, following an inspection of the building in company with the county sanitary officer.

Ventilation in the bull pen was found to be poor, due solely to the construction of the building and some of the prisoners complained of having headache because of the heavy air.

"Sheriff Gomer Lewis is doing the best he can with what he has to work with," it was explained. "The entire building is kept clean and neat, but changes should be made with reference to ventilating some sections of the building."

## CONCERNING ROAD SERVICE

The motoring public of Salem realize that Road Service means Chalfant just the same as Heinz does Pickles. When a car is wrecked, broken down, blow out, out of gas or just naturally contrary the first thing that comes to your mind or to those of whom you inquire is to call the Chalfant Motor Co., 901 Salem.

You think of us in connection with road service just as you do of Gold Medal flour when some one says, "Eventually."

We are modernly equipped to handle any calls that are given us, with our large truck, the most up to date in this section of Ohio. A smaller wrecker for light jobs and a third nearing completion. For gas and tire road work we are equipping ourselves with a small truck having all the essentials for tire changing, free air, gas, oil and water tanks, etc.

Our policy is to be absolutely impartial as to whom the wrecks' mechanical work, etc., are taken.

We will deliver, mount and change any tire or tube represented in Salem any hour of the day or night.

We recommend to those who ask our advice that Fords be serviced in authorized Ford service stations, Buick at Buick service stations and Dodges at the Dodge home, etc. However, we tow anything, any time, any place and wish it to be distinctly understood that we are not trying to corner the repair work of this community.

While we wish you no bad luck, we are ready to handle your road service quickly, efficiently and cheaply.

## DOMESTIC HEROINES IN OUR HOMES

Women who lead a domestic life seem to listen to every call of duty excepting the supreme one that tells them to guard their health. As long as they can drag themselves around women continue to work. Necessity to keep on their feet all day when over-tired, or sitting in cramped positions day in and day out often brings on ailments from which women suffer for years. For fifty years Lydia E. Pinkham's Vegetable Compound has been strengthening women and overcoming such ailments. Sickness and pain vanish under its influence and thousands of women have been benefited by it.

## SIRBU, INDICTED IN CONRAD MURDER CASE, IS MISSING

Second Suspect In Murder Case Disappears From Youngstown.

Youngstown, Feb. 1.—Nick Sirbu, one of the four men indicted for the murder of Prohibition Officer Dr. S. E. Conrad, has never been seen since the night of Nov. 19 when the fatal stabbing took place in the Watt st. butcher shop.

The statement was made today by County Prosecutor H. H. Hall, who said that since the indictment was returned officers have been searching for Nick Sirbu, named in the indictment charging murder.

Nick Sirbu is the second man who has disappeared since Dr. Conrad died Thanksgiving day in St. Elizabeth's hospital of a knife wound in the back. Vasile Bogdan, with Ironin Sirbu, the proprietor of the butcher shop in which Conrad was stabbed, was arrested by police in the roundup that night. Bogdan disappeared after being released on \$2,000 bail. He was said to have gone to Indianapolis.

oil, but police say they could find no trace of him there.

The four men indicted for the murder of Dr. Conrad were Nick, Peter and Ironin Sirbu and Vasile Bogdan. County Detective Harrison said that following the indictment he began the search for Nick Sirbu, but no trace of the missing man could be found.

## Fees Disclose Work Of Sheriff's Office

That the business in the office of Sheriff Gomer Lewis is increasing by leaps and bounds is disclosed by the receipt of a check for \$630 as fees due the office from the office of Clerk of Courts John T. Burns for the month of January. These checks formerly averaged a little over \$100 a month.

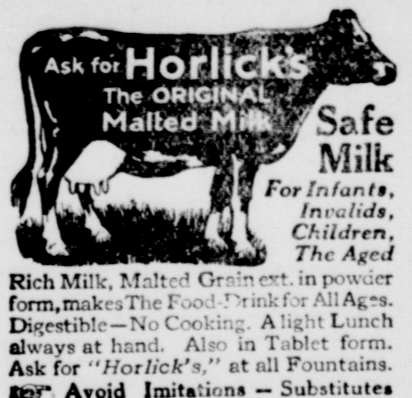

This business refers only to civil cases, as the office of the sheriff receives no fees for any county work performed.

Fees due the sheriff from other county offices are expected to amount to a little over \$100 for month just ended.

## SOCIETY

## Euchre and Dancing

Guests from Leontia, Hanoverton, Sebring and Alliance were interested in the party given by the L. C. B. A. Thursday evening at the K. of C. hall. There were about 75 guests. At the progressive euchre games the women's prizes were won by Mrs. Bert Lodge and Mrs. James Reardon. L. C. Diville and Alex McLaughlin Jr. won the men's prizes. The Lodge & Brook's orchestra played for the dancing.

## Bridge Club Meets

Miss Betty Gottschalk was hostess to members of her bridge club Thursday evening at her home, West Pershing ave. Miss Mary Kelley won the high score prize and Mrs. Albert Kauffman, who was an invited guest won the second prize. The hostess served a lunch.

Miss Elizabeth Grubbs, Cleveland ave., will be hostess to the members in two weeks.

## Ohio Club

An informal social time with needlework was enjoyed by members of the Ohio club who met Thursday afternoon with Mrs. Arthur Coy, Damascus rd. For the first time since her illness, Mrs. Charles Smithyman of Alliance, a member, was able to be at the meeting. Mrs. C. E. Greenmeyer, East Etna st. has invited the members to her home for a meeting in two weeks.

## Dance Reception

Emer Greenwalt, who has been giving dancing lessons at the American Legion rooms gave a reception Thursday evening as the closing number. This dance was held at the K. of P. hall. The Harmony Seven furnished music for the 80 couples.

On Feb. 14, Mr. Greenwalt will give a valentine dance at the K. of P. hall, with the Harmony Seven furnishing the music.

## Thursday Afternoon Club

Mrs. Cummings of Pittsburg, was included in the guest list when Thursday Afternoon club associates were guests of Mrs. G. J. Hawkins, Franklin ave., Thursday afternoon. The usual diversions occupied the hours. When the members meet in two weeks they will be guests of Mrs. William King, East 8th st.

## Elite Club

Mrs. Walter Whitcomb entertained Elite club members Thursday afternoon at her home, Lincoln ave. Music and fancywork interested the guests. At a meeting in two weeks Mrs. Orrin Hunter, Euclid st., will be the hostess.

## At Martin Home

A few of the High school boys and girls spent Thursday evening at the home of Mrs. A. J. Martin, East Eighth st. They were interested in dancing and cards.

Mrs. G. H. Mounts, Mrs. Alice Barnes and Mr. and Mrs. Curtis Howell were in North Benton Friday afternoon to attend the funeral of Joseph Middleton held at the M. E. church.

L. L. Weaver of Alliance, spent Thursday in Salem. For many years Mr. Weaver was the drawing and writing teacher in the schools there.

Russel Woolman, who is employed at Adena, is spending the weekend with his parents, Mr. and Mrs. E. J. Woolman, at Winona.

Mrs. Robert Curtis, Ellsworth ave. went to New Castle, Friday to visit her daughter, Mrs. C. L. Snyder, for a few days.

Mrs. Rachel E. Cope, of Winona, is spending a few days at the home of her brother, Jesse Edgerton, at Damascus.

Mrs. James R. Carey of Cleveland, is visiting Mr. and Mrs. W. B. Carey, Highland ave.

Miss Dorothy Chappell, McKinley ave., is confined to her home, ill of tonsillitis.

Mrs. J. R. Stratton, East Eighth st., is ill of grip.

## 38 Marriage Papers Issued In January

January was a slow month so far as the issuing of marriage licenses was concerned, only 38 being granted during the 31 days.

Lisbon ministers and Lisbon justices of the peace performed the majority of the ceremonies, one minister having nine weddings.

Quite a number of marriages have been performed and the ministers and justices of the peace outside Lisbon have so far failed to make a return to the probate court, certifying the marriage.

## SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisement in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

## One Dollar Awarded In Auto Damage Case

Damage in the amount of \$1 was awarded by a jury late Thursday afternoon in the automobile damage case filed by William Wagner against George Stancovich, both of Salem, although the plaintiff claimed \$175 damages in his original petition. The case was presented to the jury Wednesday afternoon and testimony did not conclude until Thursday afternoon.

## Corporal Punishment Effective, She Says

Columbus, Feb. 1.—Restoration of corporal punishment at the girls' industrial school, Delaware, after the riot in December, has had a salutary effect on the inmates. Mrs. J. P. Elton, matron, told Gov. Donahey in a visit at his office. She said the governor's order to "paddle unruly misses" has resulted in good behavior since the outbreak.

## Gelatine Has Food Properties, He Says

Columbus, Feb. 1.—That gelatine, once used only to stabilize ice cream, contains food properties was the assertion of Dr. Thomas B. Downey of the Mellon Institute of Industrial Research, Pittsburg, when he addressed members of the Ohio Ice Cream Manufacturer's association here last night. He advocated use of gelatine, appealing to most persons, he said.

## CAT TAUGHT TO SPARE BIRDS

Pet Has Been Instructed as to Right and Wrong by Patient Mistress.

Although cats in New York state are blamed for killing millions of birds annually, there is a cat in Monsey, near Suffern, Rockland county, that, according to her owner, has been taught not to harm birds.

"When we moved into the country," said Mrs. Raymond A. King, to the New York World, "we found living about the grounds plovers, sparrows, wrens, catbirds, humming birds and bluebirds. What was my horror the very first morning to have our big old mother cat, which is almost human and had been taught to respect our canary's rights, lay a sparrow at my feet?"

"I took Mrs. Pussy in my arms and talked in exactly the same strain I would to a child. I took her out on the porch and introduced her to the plovers. I showed her nests and made her feel altogether ashamed of herself."

"The effect was that the baby plovers grew in comfort and all disappeared in perfect condition; not a nest was disturbed, and pussy feels the same moral satisfaction we all feel when our intelligence overcomes our instincts. At least, we ought to give her credit for that."

Mrs. Pussy is the property of little Peggy King. Mrs. King writes under the name of Amy Forbes King.

## MALADY PUZZLES GREEK DOCTORS

### Venizelos Suffering From Mysterious Malady, Say Physicians.

Athens, Feb. 1.—Premier Eleutherios Venizelos is suffering from a mysterious malady which is puzzling physicians to diagnose, it was learned today.  
Minister of Justice Kafandarlis, amidst great applause told the national assembly the famous man's illness is not believed to be serious and that he is already showing improvement.  
"But the ailment from which our distinguished colleague is suffering is a most mysterious one," added Kafandarlis. "Sometimes the symptoms disappear entirely; at other times, they become so aggravated that the patient appears to be dying. The chief fear of the doctors is that the strain will weaken the heart."

## WORLD SERVICE MOVEMENT AIM OF METHODISTS

Rev. H. A. Haugher and Jacob Culp represented the Methodist church at a meeting of ministers and laymen of the Canton district M. E. church Thursday in Alliance.  
Dr. R. E. Diffendorfer of Chicago, representing the benevolent board of the church and editor of the book World Service, was at the conference. The World Service movement was discussed.

The Centenary movement, which has been in effect for the last five years and will close June 1, is to be succeeded by the World Service movement. The aim is to raise \$18,000,000 for the work at home and abroad.

Two hundred people were at the banquet a closing feature of the conference, at which Dr. Diffendorfer gave an address.

## WASH YOUR KIDNEYS BY DRINKING WATER

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy full of sediment, the chances often get sore and irritated, obliging you to seek relief two or three times during the night.  
To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidney may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.  
Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

### AKRON IS RIDING

Continued from First page  
tion fairly well in hand, though at times it appeared as though they would be victimized by the superior practical experience of the traction management in the problems of city transportation.

Mayor Rybolt remained in his office till long after midnight last signing permits of drivers and bus company managers. He attended in this manner to 44 drivers, who were given careful instructions and rough maps of their routes. Police were stationed at strategic points at dawn to see that these routes were followed conscientiously.

**Firestone Offers Sedans**  
All drivers of the 200 Ford sedans offered the city by H. S. Firestone, rubber magnate, were carefully examined at city hall before started and the most inefficient weeded out before they were given routes. These sedans will be used as a reserve fleet, to be rushed wherever needed in emergencies, till the new system is working in proper manner. Employment agents of the Firestone company assisted in the weeding out process.

Other big factories, including the International Harvester company, are furnishing their own trucks, and reports this morning were that their employees were being conveyed to work with a minimum of delay and confusion.

## STATE WILL OPEN COUNTY ROAD BIDS

The State Highway Department will open bids Feb. 15, for the grading and surfacing of the East Liverpool-Yongetown rd. in Fairfield and Elk run townships. County Surveyor Lloyd C. Kirk has been informed. To surface the section of this highway in Fairfield township with concrete, the estimate has been placed at \$51,749 and the bituminous macadam estimate is \$30,051.40. In Elk run township, the estimate for 33 miles of concrete is \$34,128 and macadam \$33,215. The payment is to be 16 feet wide and the roadway 28 feet wide in both townships.

## IT BEATS ALL How Those Old Creaky Stiff Joints Limber Right Up With Joint-Ease

Balance your partner—down the center—Gosh! but don't it feel good to have those old joints working as smooth and easy as those of the champion boxer at the state fair. Funny, too, how Joint-Ease soaks right in and in two minutes goes clear thru skin and flesh way down to the ligaments and bone. It surely does oil 'em up; takes out all the stiffness, lameness, knots, cracks, soreness and swelling in next

to no time and makes you feel like a young buck again. Joint-Ease is for bad acting joints whether in foot, ankle, knee, hip, neck, shoulder, elbow, fingers or spine and for that purpose is the fastest selling remedy in America today—a tube for 60 cents at The J. H. Lease Drug Co., Fleming's drug store, Bolger & French—and remember when Joint-Ease gets in joint agony gets out—promptly.

Is This a "Grip" or Something? A freak corn, resembling a human hand, is the property of A. L. McQuary of Neosho, who was in the city the other day. Mr. McQuary purchased the cob from a farmer residing near Quail Spur. The base of the cob has the appearance of a human hand, with the palm slightly cupped. The thumb and fingers are easily distinguished, with the smaller end of the cob forming the wrist.—Springfield Leader.

## County Tax Rate Sheet Completed

Wellsville Has Highest Schedule; Salem Rate Is 21.7 Mills.

By M. K. ZIMMERMAN  
Lisbon, Feb. 1.—The tax rate sheet for the December 1924 and June 1925 collection has been made up by County Auditor Charles E. Hamilton and a certified copy has been forwarded to Columbus.

It has been recalled that the taxes to be collected under the new reappraisal will not be payable until December 1925, and this rate sheet will not be made up until next December or January.

Wellsville will again have the highest rate in the county for the collection due next December and June 1925, according to the new sheet, this rate being placed at 29.40 mills. East Liverpool city has been set at 26.20 and the rate for the Wellsville school district is placed at 25.50 mills.

Salem city is holding its own, when former rates are used for comparison, the new sheet showing the rate for Salem at 21.70 mills and for Perry township 18.4 mills.

East Palestine continues to have a high rate, this being 28.60 for the corporation and 26.50 for the East Palestine school district.

Lisbon corporation rate is set at 25 mills flat and the Lisbon school district rate is placed at 26.20 mills.

Unity school district No. 2 has the lowest tax rate in the county, this being placed at 16.40 mills.

Columbiana county, on a three mill levy and based on announced present valuations will contribute \$33,158.94 toward the state World war compensation fund.

The total taxes and assessments on the duplicate for collection next December and in June 1925 have been placed at \$2,748,508.90, and the appropriation to the various funds according to the different levies have been listed as follows:

County taxes	\$ 150,320.56
Poor fund	32,053.65
Children's Home fund	23,211.26
Bridge fund	35,369.54
Building fund	4,972.84

Blind Relief fund	18,790.07
Mothers' Pension fund	13,903.53
Judicial fund	22,105.96
Agricultural society	1,657.95

The total value of all real estate in the county as now assessed has been placed at \$110,529,820, and the corporation values have been placed at \$66,947,040.

The levies, the new rate sheet shows, have been apportioned according to the following table:

Total county taxes levied	\$ 657,652.42
Township taxes levied	\$ 311,680.34
School total special	\$ 872,727.36
Taxes levied in cities and exempted school dists.	162,942.49
Taxes levied under section 7575 (school)	129,961.53

The Ohio-Bell telephone girls were delightfully entertained at a Valentine party Tuesday evening at the home of Mrs. Loy Kerr, West Park

At home or on the road  
**DR. CALDWELL'S SYRUP PEPSIN**  
Keeps him in good health

### Clogged-Up? Here's Quick Aid

NEVER mind what you are using now for constipation. For all you know there is a better remedy! The next time you are clogged up try Dr. Caldwell's Syrup Pepsin, a laxative successfully used for 30 years, the largest selling liquid laxative in the world. Mrs. John A. Goins of Buttrickville, Ind., constipated all her life, her stomach injured from years of pill taking, is now functioning daily since taking Syrup Pepsin; and Mr. David O'Connor of Canton, Ohio, suffering steadily for three years, got relief after a few doses. The list of successful users of Dr. Caldwell's Syrup Pepsin is naturally large as over 10 million bottles are sold annually.

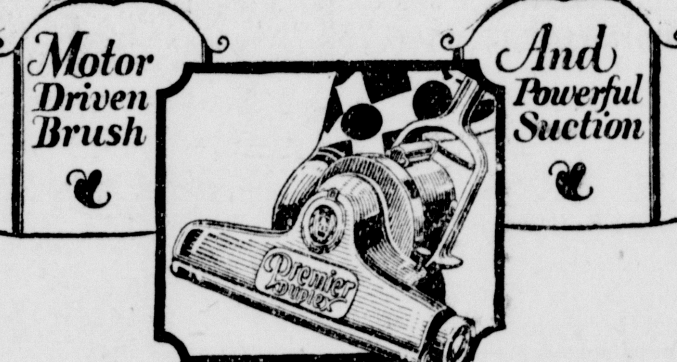

**Formula on Every Package**  
Get yourself a bottle at a drug store, the cost being less than a cent a dose. Take a spoonful at bedtime for a few nights and we guarantee that the most chronic constipation will be relieved, or refund your money. A few doses in succession soon train the stomach muscles to act for themselves. Many, however, take it once

### This Remedy Guaranteed

It has been accurately proven that a constipated person is only 75 per cent efficient. It slows you up; makes you dull and lazy. Take Syrup Pepsin the first day you do not have complete bowel movement. Take it, guaranteed, for constipation, torpid liver, dyspepsia, biliousness, sour stomach, headache, lack of appetite. A spoonful at the first sneeze or snuffle will kill a cold overnight. Half the ailments of winter start with constipation followed by a cold.

WASHINGTON OPINION IS THAT DEMAND FOR TAX REDUCTION KILLS IT THIS SESSION.

By EDWARD B. CLARK

Washington.—Preponderance of opinion in Washington seems to have it today that the bonus bill is dead past resurrection for this session at least.

Scores of senators and representatives who have believed that the fairly quick passage of a bonus measure was necessary because of the seeming public demand, now appear to have changed their minds. The American people almost en masse have petitioned congress, individually and collectively, for tax reduction, and as congress is not at all certain that tax reduction can be accomplished if bonus legislation is to become a fact, it looks as if the hopes of the ex-service men for favorable action on either measure at this session are not to bear ripened fruit.

It is not altogether certain, apparently, that even tax reduction can be accomplished. Certain it is that the road ahead of it is like those rough roads in Flanders which led to the front line trenches where the fighting was the hardest. In congress there are many minds about the form which tax reduction should take. A bill is certain to go through the lower house, or virtually certain so to do, but it is likely to be so changed from its original form by amendments that it will bear little resemblance to the Mellon plan and therefore it may meet with the disapproval of the President, even if it shall survive in the senate.

Compromise Is Necessary.

It is a brouhaha that there is nothing certain but death and taxes. The saying can be varied a little to say that there is nothing certain about taxation in its present aspect. It must be understood that in the majority party in the house of representatives there are 40 or 50 members who do not approve of the Mellon plan as it has been presented. In order to secure the votes of this faction the Republican leaders will find it necessary to compromise with their initial endeavors and to insert in the bill some things of which they do not approve and which it is known the administration does not approve.

There is only one hope which the friends of the Mellon plan in congress have that they can accomplish what they wish. This hope is based on the possibility that in the Democratic ranks there may be found a sufficient number of members who think the Mellon plan the only sound one and who will be willing to support the endeavor to enact it into law.

Naturally enough, the Republicans do not care to have the Democratic support unless it is absolutely necessary to offset defections in their own ranks. The Republicans want tax reduction legislation to be presented to the country as a purely Republican achievement. They cannot so present it unless they change the present form of the bill to suit those Republicans who do not agree with the majority of their party that the Mellon plan is all that it should be.

The house will pass the tax reduction bill under a rule limiting debate. It definitely will be known just when the bill is to come to a vote, but it cannot definitely be known until the last day of the bill's consideration in the house just how many amendments must be accepted to bring into line the opponents of the measure as it stands.

Likely to Be Long in the Senate.

Over in the senate it will be impossible to fix the date for the passage or rejection of the bill. Every major revenue measure which ever has been presented to the senate has taken weeks and sometimes months, many months, of consideration and debate before reaching the hour of the voting.

The opposition to certain features of the Mellon plan on the part of some of the Republicans of the senate is more bitter in its nature than the antagonism which has been shown thus far in the house of representatives. The senators in antagonism know the advantage which comes to them through ability to prolong debate, to tire out the legislators and thus to force compromises to their liking. It looks today as if, when the tax measure finally reaches the day when it can be presented to the President for signature or the veto, it will have lost much of its original appearance and will be of such patchwork quality that it will receive the frown rather than the smile of Calvin Coolidge.

If a tax bill which promises some kind of real reduction in taxes finally shall be passed and approved by the President, it is pretty well known that instantly the majority in house and senate will start to study the financial situation of the government in an attempt to find out whether it will be possible, under the diminished revenue, to pass a bonus bill. It is certain that the political leaders do not think that it will be good policy to kill all hope that a bonus measure may be a legislative fact of the next session.

There are scores of senators and representatives who have made personal pledges to vote for a bonus bill. They will not have to break their pledges, of course, unless the bill is presented to them for a vote.

## 3,319,788 FISH DISTRIBUTED TO STREAMS IN 1923

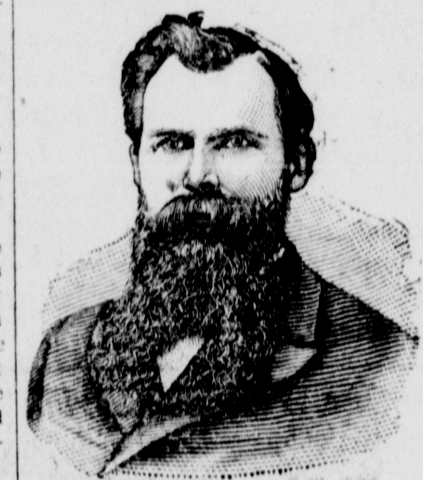

Columbus, Feb. 1.—All streams and lakes in 66 of the 78 counties of Ohio were stocked with fish from 1923 hatcheries and Lake Erie today by Charles V. Traux, director of agriculture. Distribution from inland hatcheries totaled 3,319,788 fish, against 2,699,700 in 1922, an increase of 229,088, the report shows.

Seven inland hatcheries were in operation last year and another was completed at Defiance, solely for the propagation of small-mouthed black bass. For distribution throughout the state, the output of the Put-in-Bay hatchery totaled millions last year of whitefish, pickerel, yellow perch, carp, sauger and herring, for Lake Erie.

Large-mouthed black bass, muskellunge, small-mouthed bass, rock bass and blue gills were propagated at the inland hatcheries. Blue gills led in production with a total of 1,471,330, and muskellunge second with 995,158.

Report made by Traux shows that 52,000 pheasant eggs were distributed in 1923, at a cost of \$25 a hundred, as against \$32 in 1922, and for prosecutions of game violators amounted to \$22,895 against \$29,373 in 1922. Revenue from land o. licenses \$286,545.21, compared with \$356,664.83 the previous year. O. o. of distribution of fish in 1923 was \$19,962.50 and \$26,974.51 in 1922. Licenses issued last year to 1,431 Erie fishermen yielded \$14,476.66 compared with \$14,529.59 in 1922. Traux states that personal service

## "Buy Now Pay Later"

Did you ever stop to think that all our business is done on a credit basis? You use as much electricity as you want this month and pay for it next month. Every customer on our books is a charge customer.

Business men know what it costs to carry accounts. Many merchants who do a large extended payment business charge a small fee extra for this convenient service. But a public utility must count the extra expense as part of operating costs.

While you get credit from us, we have to pay cash for many commodities in order to buy at a price or to get the supplies at all. It takes a vast sum of money to swing a business on this basis. Sometimes it's all outgo and very little income.

## TUBERCULIN TEST FOR 1300 CATTLE

### Veterinarian Begins Work Friday Among Herds In The County.

Beginning Friday 1,300 head of cattle comprising 200 herds will be put under tuberculin test by Dr. E. T. Storer of Salem, who is acting under instructions from the Federal and State Agricultural Departments. Dr. Storer is representing the State Veterinary department in all tuberculin tests in this county. A campaign launched with considerable success by the Columbiana County Farm Bureau last year.

Assistant State Veterinary Swineherd, Dr. Storer, spent Wednesday at the farm bureau office in Lisbon checking up the tuberculin test work in those townships where the work has been completed, so that compensation can be paid those whose cattle were condemned as a result of the test work.

After the tuberculin test is completed in Unity township, it is probable the testing will proceed in either Butler or Knox townships, as the number of herds necessary to procure the test have been signed up.

Twelve club leaders and three club members were in conference this week at the farm bureau office with Dr. Storer of the Extension Service department of the State Agricultural department going over plans for club

work in Columbiana county this year. Leaders of calf, pig and food clubs were gathered in the meeting, but no one attended who assumed leadership in the poultry section. Because of this fact, it is considered doubtful if there will be any poultry club work done in this county this year.

All clubs have to be organized on or before March 20, in order that the full season can be completed.

"I am very much interested in getting a poultry club started, but it is hard to get a leader in the different townships for this section of endeavor," commented County Agent C. E. Rowland.

During the next county fair, the results of all club work will be exhibited.

## LARGE QUANTITIES OF ICE MADE HERE

(Continued from first page.)

There are 17 rows of tanks that turn out the 30 ton a day. Half of the tank is drawn each day.

### No Ammonia in Ice

These cans fit down into the tank that is filled with brine, made from salt and water. In this brine there must naturally be heat, so to get rid of the heat so that the brine will freeze the water in the cans ammonia coils are placed between each of the 17 rows.

At the one end are the intake valves. Liquid ammonia is shot into the coils which changes to a gas, and swirls around in the coils from which no odor or ammonia can escape. The ammonia takes out the heat of the brine goes on out to the ammonia coolers as hot gas, is changed back to liquid again and used over.

No ammonia gets into your ice. When you smell a cake in your refrigerator some time try to detect the odor of ammonia. It is impossible because the ammonia is never near the cake of ice. It is in tested coils outside the ice cans.

"Some people believe that ammonia gets near ice we make," states W. W. Tolerton, secretary and treasurer. "That is a misconception because we never let any ammonia near ice."

"Besides," he added, laughingly, "ammonia costs \$32 a hundred pounds while the most we get for ice is 65 cents per 100. We wouldn't want to waste very much, and so we have tested coils that will not lose a single drop."

So you can sit back, Mr. and Mrs. Consumer, and breathe a sigh of relief. Your ice is pure.

Great electric propelled engines read that ammonia through the coils. It is a real outfit and there is a large emergency engine that can be started up if there is ever a breakdown in the equipment.

### Increase Storage Capacity

There is a large storage room, the capacity of which will in the coming year be increased to double the present capacity, and 600 tons of ice is stored there every spring to help over the summer months when the demand is great.

It is interesting to note that in the existence of the Citizens from 1907 there has never been a breakdown or an ice shortage.

One reason for the increase in the storage room is because fruit growers will store apples in the storage rooms next year, keeping them all winter for use as they are needed.

There is another angle to this interesting industry. Ice is used for so many things, but not much mention has ever been made until recently of the value of ice to the complexion of us mortals. Lady Diana Manners, talented English actress of royal blood, in New York to play "The Miracle," a spectacle being staged by Morris Guest, says of ice:

"Ice is the reason for my beauty. I rub it on my face day and night. Ice keeps the flesh clean and firm and my whole secret of beauty is merely to use ice at all times."

Another use may thus be chalked up in favor of ice in addition to its

great protective use in keeping our foods wholesome.

### Supply Other Towns

Five trucks deliver Citizens ice to Salem homes, all Leetonia homes, that village being dependent on the Citizens for its supply, and some is sent to Lisbon, Columbiana and Pittsburgh, with a carload now and then to Youngstown.

Coal is another article of merchandise that the company handles. Pittsburgh coal is shipped in 3,000 tons being sold last year. In order to expand the company will in the next week or so change its name to the Citizens Ice & Coal Co., the secretary states. Incorporation remains at \$30,000.

The plant was purchased from J. B. McNab in 1909, the plant on Depot street being discarded and the present one erected. In 1918 the steam was discarded and motors installed.

E. W. Silver is president and W. D. Smith is vice president of the company.
